

HARBOR HEALTH
AND APOTHECARY

**VETERINARY PRODUCTS &
SERVICE GUIDE**

ABOUT US

Located in beautiful downtown Gig Harbor, Harbor Health and Apothecary is your trusted resource for compounded medications, health and nutritional supplements, and pharmacotherapy consultations.

Harbor Health and Apothecary offers veterinarians access to compounding pharmacy services that are close to home but far from ordinary. Our team is committed to developing partnerships for care that is driven by uncompromising excellence.

Our brand new facility was designed to meet the complex compounding standards of USP. We are capable of providing both sterile and non-sterile veterinary products in multiple formulations. Whether it is a dog, cat, horse or other animal, our team of experts will work closely with you and your patients to ensure they receive quality compounded products that best fits their needs.

At Harbor Health and Apothecary, every life matters. Compassion, Innovation, Trust, Expertise, Service, Integrity. We get it... And look forward to you entrusting your animal's health to our team.

CHIEF OF PHARMACY

Hello! My name is Nicholas Wyatt and I am the Chief Pharmacy Officer for Harbor Health and Apothecary. I graduated from the University of Washington School of Pharmacy in 2008 with a Doctorate in Pharmacy. Since graduating, I have worked in hospital pharmacy, clinical pharmacy, long-term care pharmacy, and compounding pharmacy.

Prior to becoming a pharmacist, I served 8 years in the United States Navy's Submarine Force.

During my "free" time I enjoy hanging out with my beautiful wife, and our two beautiful daughters. We have four fur babies, two dogs and two cats.

Thank you for taking a moment of your time to get to know me and our team. I look forward to getting to know you and learn more about how our team at Harbor Health can serve you and your patients.

HOW WE ARE DIFFERENT

- ✔ Experienced pharmacy team with over 50 years of compounding experience.
- ✔ Onsite analytical testing combined with third party testing to ensure potency, sterility, and stability.
- ✔ Precision equipment to ensure consistency among compounders and from product batch to batch.
- ✔ New facility that meets and exceeds State and Federal regulation.

HOW WE CAN HELP

Drug Shortages of Manufactured Products

- Backorders
- Discontinuations

Increased compliance for dosing challenges

- Dosing cats and difficult patients
- Palatability with delicious flavors
- Accurate dosing and missed doses

Medication Customization for Challenging Cases

- Patient allergies
- Combining medications
- Needing a patient specific strength

ORAL LIQUID MEDICATION

Most economical of the compounded medications.

Multiple flavor options available. Salmon, tuna, chicken, marshmallow, peanut butter, tutti fruity, and many more.

TOP 10 LIQUID MEDICATIONS

Amlodipine

Atenolol

Buprenorphine

Calcitriol

Diethylstilbestrol

Enrofloxacin

Furosemide

Metronidazole

Theophylline

Tylosin

TRANSDERMAL MEDICATION

Ideal for cats and patients who struggle with taking oral medications.

Multiple device options: Topical syringes, Transdermal Pens, and Transdermal Ticker devices.

These devices make administering transdermal medications easier, more precise, and less wasteful.

TOP 10 TRANSDERMAL MEDICATIONS

Amitriptyline

Amlodipine

Buprenorphine

Calcitriol

Clopidogrel

Diethylstilbestrol

Fluoxetine

Gabapentin

Methimazole

Prednisolone

CAPSULE

Versatile dosing options.

Flavored powder can be added to allow for sprinkling on food.

TOP 10 CAPSULE MEDICATIONS

Chlorambucil

Diethylstilbestrol

Digoxin

Doxycycline

Fluoxetine

Gabapentin

Methimazole

Metronidazole

Piroxicam

Zonisamide

CHEWS

Flavors pets love! Available in Salmon, Tuna, Chicken, and Beef.

So tasty that your pets will not even realize it is medicine.

Many medications offered.

Fresh-lock seal packaging guarantees medication stays fresh.

TOP 10 CHEW MEDICATIONS

Amlodipine

Chlorambucil

Diethylstilbestrol

Fluoxetine

Gabapentin

Methimazole

Metronidazole

Prednisolone

Theophylline

Ursodiol

TABLETS

Multiple tablet options available: Split dosing, mini tabs, and standard tabs.

Convenient and flexible dosing for patients and owners.

TOP 10 TABLET MEDICATIONS

Amlodipine

Atenolol

Diethylstilbestrol

Doxycycline

Fluoxetine

Gabapentin

Metronidazole

Piroxicam

Prednisolone

Sildenafil
